SkyFire is a game of wits, deception, and social deduction. During the game, you will work with your opponents to launch collections of fireworks. Can you outmaneuver them to claim victory?

## Gameplay

Build collections of fireworks by playing fireworks cards face down to the launch zones.

Try to guess when one of the collections of fireworks has a firework of every color shown on the target card.

Launch fireworks by turning over all of the fireworks cards at any one launch zone. Boom!

## Components

- 32 cards
  - 20 fireworks cards
  - 10 target cards
  - 2 finale cards

Each fireworks card displays two colors on its back, only one of which appears on its front.
